Summary

Software Development Associate and **Software Engineering student** with hands-on experience in development and management. Passionate about secure software architecture and system optimization. Previous experience at a top-tier research center (INAOE). Certified in **Azure AI Fundamentals (AI-900)**.

Experience

INAOE

Puebla, México.

Software Developer Intern

May 2025 – August 2025

- Collaborative development of a cross-platform system using **Flutter** and **Dart**.
- Worked under **SCRUM** methodology to meet technical deliverables and milestones.

Education

Universidad Tecnológica de Xicotepec de Juárez

Bachelor of Software Engineering
September 2025 – Present

Software Development and
Management

Universidad Tecnológica de Xicotepec de Juárez

T.S.U. • (GPA: 9.2/10)

September 2023 – August 2025

Associate Degree (TSU) in
Multiplatform Software
Development

Projects

Cross-platform Configuration Module May 2025 – August 2025

- Responsible for integrating native features using **Dart FFI** and **Win32 APIs**, ensuring seamless communication between Dart and the OS.
- Collaborated on module integration within a complex codebase.

Real Estate Platform

August 2024 – December 2024

- Web application for real estate management and publishing.
- Implemented a robust **MVC architecture** using **Node.js** and **Express** for the backend, with **MySQL** for data persistence.
- Developed modern, responsive interfaces using **Tailwind CSS** and **Pug**.
- Integrated advanced security modules, including **RSA encryption** for sensitive data and **JWT** for user authentication.

Certifications

Azure AI Fundamentals (AI-900)

April 6, 2026

Microsoft

Skills: AI workloads, Machine Learning principles, Computer Vision, and NLP.
